

INSIGHTS

- **Consumer segment leads sales** with nearly **₹9.95 lakh**, making it the strongest contributor among all segments.
- **Yearly growth is evident**, with orders steadily increasing and peaking at **3312 orders in 2017**.
- **Binders and Paper dominate** in sub-category orders, while Copiers and Machines lag far behind.
- **Standard Class shipping generates the highest profit** (₹1.64 lakh), whereas Same Day shipping yields the least.
- **Furniture has the highest discount rate (~17%)**, indicating that heavy discounts may be driving its sales more than other categories.

RECOMMENDATIONS

- **Focus on Consumer customers – They buy the most, so give them offers or loyalty rewards to keep them coming back.**
- **Plan for growing orders – Sales are going up each year, so keep enough stock and manage delivery well.**
- **Promote popular items – Paper and Binders sell the most; bundle them with low-selling items like Copiers and Machines.**
- **Improve shipping profit – Standard Class makes the most profit, so encourage customers to use it. Check costs for Same Day delivery.**
